Admach Systems Secures ₹10.62-Crore Nuclear Fuel Flow Control Order from Nuclear Fuel Complex, Department of Atomic Energy, Government of India.
Landmark Order which is very Prestigious & Mission Critical

Pune, December 31, 2025, Admach Systems Limited (ADMACH, 544669), a bespoke tech-first engineering solutions company, has achieved a significant milestone by securing an order valued at ~ **₹10.62 crore** (including GST) **from Nuclear Fuel Complex (NFC),** Hyderabad, an industrial unit under the Department of Atomic Energy (DAE), Government of India.

The order entails the **design, manufacture, supply, installation, and commissioning of a High Pressure Pumping Station for clearing nuclear tubes,** a mission-critical application requiring high precision, stringent quality control, and uncompromising safety standards. The project is scheduled for execution by October 15, 2026, with payment terms structured as 80% against dispatch and 20% upon installation.

Strategic Significance

The order from **Nuclear Fuel Complex (NFC)** marks an important milestone for **Admach Systems Limited,** reinforcing the company's technical capability and execution strength in serving highly regulated and mission-critical sectors. NFC is a key institution supporting India's nuclear power programme and energy security, and Admach's selection reflects its ability to deliver engineered-to-order solutions that meet stringent quality and compliance requirements for strategic national infrastructure.

Management Commentary

Commenting on the development, **Mr. Ajay Longani, Managing Director & Chairman,** said: *“Securing an order from Nuclear Fuel Complex is a defining moment for Admach Systems. It reflects the confidence reposed in our engineering depth, in-house manufacturing, and quality systems by one of India's most critical Government of India institutions. This project not only strengthens our order book but also positions us firmly within strategic and high-entry-barrier industries such as nuclear energy.”*
